9.1.16. yesterday would've been Dad's 102nd birthday.
on Tuesday the 30th, Bill Lohr was hurt in a tractor accident. Fractured pelvis, broken leg, fractured ankle. He started the ignition of the tractor from the ground and didn't know it was in gear. It moved + smashed him against the barn wall, drove through the wall + into the lake. Bill must've been in shock and drove himself to a local hospital. Now he is in Nebraska medical. Has to be off his legs for 3 months.

There is a lot going on and a lot coming up in the next weeks. The Pulitzer Centennial, the NTGD, sculpture completion. I have to wake up to it. Engage + focus.

So I'm awake. It is about 3:00 a.m. Where to start? The words don't come so easily here anymore. Wide awake. After 4 or 5 hours of sleep last night. Worries about the usual stuff- 29 Pieces related, and ~~for~~ bored with hearing myself say it all again.

It occurred to me tonight at satrang ... when I did the 29 pieces, I wanted to bring to life the words of the mystics. Now, as the first sculpture is being built, I see how joy-less I feel ... this hassle, that hassle ... need more funding ... permission from city, arguments between artists. And this needs to change. Either I don't do this, or I figure out how to make it all an offering to the divine + the ideals they stand for.

Welcome to the photographers.

Bear ~~Born~~ witness to the renowned + powerful, and to the nameless.

They put themselves in harms way.

By putting themsel

They've earned the right to their opinions on war + violence. And we have the privilege tonight to see them and listen to them.

Walter Benjamin, "It is more arduous to honor the memory of the nameless than that of the renowned."

The photographs are coming. I'm reading the discussions.

Why do you do it?

What makes you tick?

To bear witness.

With my own questions about violence and war, maybe they've arrived at insightful answers.

They've earned our respectful listening.

Oct. 15 2016. Slept well + deep

Between the political climate and the bureaucratic and artistic difficulties of Piece 24, I am in the state of discouragement. And then I'm in the state of fury, or murderous impulses. God! Help us. People are a cancer upon the earth... that's my outlook at times like this. But then there is Michelle Obama, there's Hillary, there's Barack Obama. There is leadership.

Michelle: "They go low, we go high."

In me there is so much emotion and holy outrage around the nastiness of the election. I am in a state of high

agitation.
When city bureaucrats make things difficult, and when [redacted] does sloppy work, everything is igniting from a flame already in full burn mode.
Help.

Am at a very downbeat/negative POV on humanity. The majority uphold kindness, equity, but millions+ millions do not.

Do we have a thin veneer that when peeled off, exposes our base instincts - for survival, food, sex, compulsions. Or do we all really arrive with a divine flame burning in our hearts, and circumstances,

Christian Lacroix

geography + luck either
found the flame or
neglect it and let it go
out.
42 years ago.
When Kelly and I first
lived together in Lincoln, NE,
I was visited by an elder of
my Lutheran church from
Columbus. Paul ??? Can't
remember his name. He
said that my church was
worried about my soul —
I was living in sin. They
would pray for me. Everything
in me wanted to yell at
him — "You're the one who
should be worried. I don't
want any part of the
hypocrisy of what I was
witnessing in church goers
at that time — the late
60's and early 70's.

Christian Lacroix

Christian Lacroix

Now I am at a point of saying "I pray for the Republican candidate."

He will lose and he will be brought to his knees. The people whose approval + attention he craved will shun him. Beautiful women will not go near him.

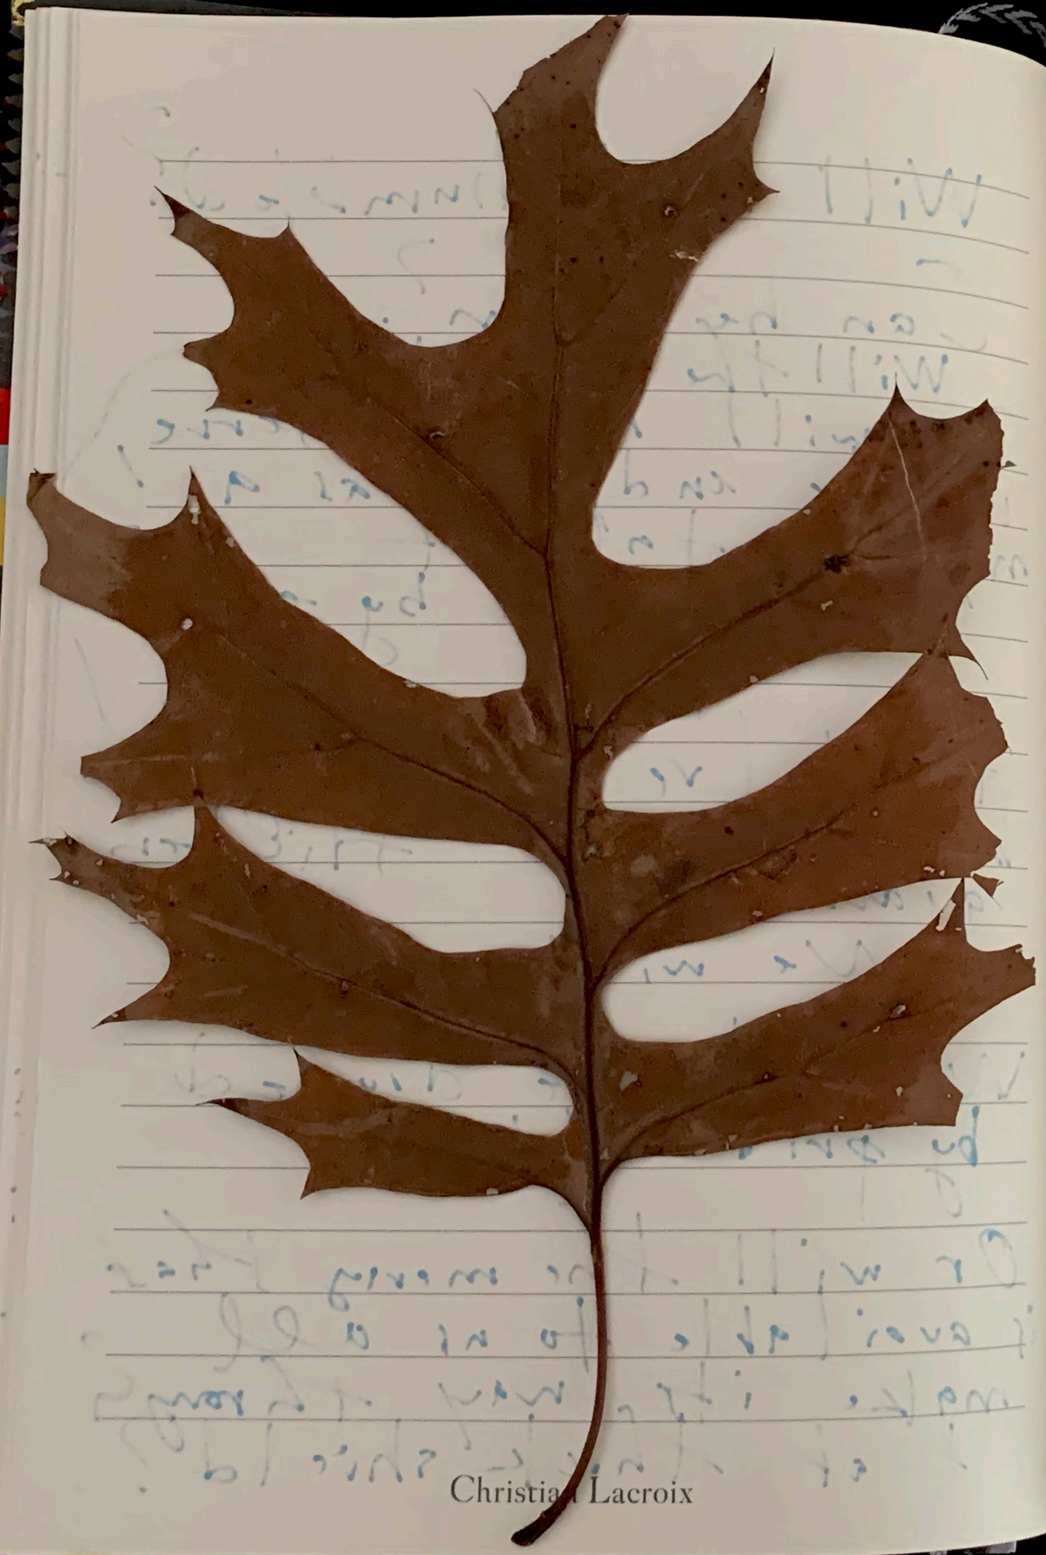
He can't be compared to any animal. He has been pumped up with tremendous power by us — all who watched him clicked through to stories about him. He's used that power for tremendous damage. And he is about to be dis-membered by us, now.

Christian Lacroix

Will he be humbled?
Can he learn?
Will the divine light
On will his life serve,
in the end, only as a
mythic tale of
consumption by evil?

that I've been taught -
burns in us all - flicker
again.
We will see.

Will he be doomed
by pride + blame?
Or will the mercy that
is available to us all
make its way through
that thick shield?



Christian Lacroix

He was damaged by a cold + cruel father. We can see the boy who wanted to please daddy.

SLEPT WELL. KICKED alot cats out. 10:30-7:00

This past week...me + half the nation are in a state of existential torment + anxiety about this freakin' election. A divided nation, it becomes emotional. There would be a LOT to write about here if I were so inclined to give energy to it.

To break it down:

1. Devotion to Hillary + strong desire for a woman to win.
2. Burning feminism. Accumulated anger over a lifetime of experiencing and witnessing injustice + cruelty directed at women.
3. P.T.S.D. the reliving of traumatic times — the 1960's

Christian Lacroix

in my parents household.
Segregation, the war in
Vietnam, yelling every night,
traumatizing images on
television of people demon-
strating, people being beaten,
GRANPA, DAD, med yelling
at one another. Family
member against family
member arguing, yelling.
The cacophony was stifling
and upsetting and divisive
It harmed relationships.
4. Add to this the mind-
boggling/obstructionist
bullshit about
city permits, ~~[illegible]~~ goatkall

HILLARY CLINTON

OUR COUNTRY

LORD JESUS CHRIST Son
OF GOD Have MERCY
ON US.

Nov. 11
2016

The unthinkable has happened. America elected an open racist, misogynist, criminal, TV reality star to be president.

Someone endorsed by the KKK, and no major newspaper, is going to be the president of the USA.

Here we circle back.

So many gifted writers + artists made plays, did comedy sketches, wrote eloquent editorials to make persuasive arguments against Trump, to no avail.

There are layers to this grief. The momentum and dedication for Hillary was real — from the heart and mind. History needs a woman. It didn't happen and that hurts. Hillary is smart, kind, eloquent, hard working, inspiring — and she was the subject of a relentless witchhunt! Persecuted by men and women alike.

Nov. 12, 2016.

The Piece 24 Sculpture is going to be installed on Monday. It is in the midst of the heartbreak + fury of Hillary's loss and the election of a madman.

Lord Jesus Christ Son of God have mercy on us.

In a perfect world, I'd be documenting every step of the way on the Piece 24 sculpture. I'd be documenting my own and the world's reactions to Hillary's loss and the rise of hatred and ignorance in our country.

Fortunately or not — the work of actually DOING Piece 24 is 98% demanding of my focus and concentration.

Lord Jesus Christ Son of God have mercy on us. Lord Jesus Christ Son of God have mercy on us.

recovered during the day...
legs hurt, etc.

Honored. In times of darkness
I look to the peacemakers for
strength and wisdom.

In working with youth and adults,
I've encouraged the use of the
creative process

I've used art + the creative
process to teach about peace +
peacemakers — and the
wisdom + strength that
their experience offers us.

I've been trying to have my left hand / right hand dialogues to little avail.
Maybe my mind too agitated, my heart impure.
My heart and mind are agitated again. What is my message to the peacemakers. What to say?

What to say to the peacemakers:
Others have come before us and bravely faced terrible injustices.
Many were victorious in the end.
We are entering one time of wonderful thinking.
Full effort is full victory. Victory will be ours.
Blessed are the pmakers.
