A Garden Beyond PARaDISE

Everything you see has its roots
in the Unseen world.
The forms may change,
yet the essence remains the same.

From earth you became plant,
From plant you became animal.
Afterwards you became a human being.

Every wondrous sight will vanish,
Every sweet word will fade.
But do not be disheartened,
The Source they come from is eternal –
Growing, branching our,
giving new life and new joy.

Behold the body, born of dust –
how perfect it has become!
Why should you fear its end?
When were you ever made less by dying?

Why do you weep? –
That Source is within you,
And this whole world
is springing up from it.

When you pass beyond this human form,
No doubt you will become an angel
And soar through the heavens!

But don't stop there.
Even heavenly bodies grow old.

The Source is full,
Its waters are ever-flowing;
Do not grieve,
drink your fill!
Don't think it will ever run dry –
This is the endless Ocean!

Pass again from the heavenly realm
and plunge into the vast ocean of
Consciousness.
Let the drop of water that is you
become a hundred mighty seas.

From the moment you came into this world
A ladder was placed in front of you
that you might escape.

But do not think that the drop alone
Becomes the Ocean –
the Ocean, too, becomes the drop!

TAKEAWAYS — DAY 1

1. People come back to repeated SETU Retreats because the issues we face while aging might change each year.

   If I'd done a Setu Retreat two years ago, ~~it~~ my main concern would've been dealing with a failing body. That was prior to the 2 hip replacements and ½ knee replacement.

   I was still in a state of 'not knowing' about how to adapt.

Thank God, and Dr. Barrington, I was helped. But others are at that place.

My main source of agitation now is sorrow that we still deal with hatred, racism, gender discrimination, violence against women.

So (1.) each person is grappling with a different window into the challenge of aging.

2. The Question about human beings that glows at me:
   a. Are we "in the image of God?" Carrying the divine light?

b. Or are we a cancer upon the earth?

c. Both?

d. Irrelevant question for SETI Retreat and a big downer?

3. The knowledge of the unity and indivisibility of all life does bring fulfillment. And it also brings sorrow — because in that knowledge, if one hunts, I hunt, too.

4. From the mantram book — the imagery of the boat going to the opposite

shore reminds me of the Emily Dickinson poem "Adrift. A little boat adrift. And night is coming down. Will no one guide this little boat into the nearest town?" etc.

5. Saying in India, "take one step toward the Lord, he'll take seven toward you." Compared to Christian. "You take one step, he'll take two."
The Lord is more eager to

E.E. VIDEO; Q+A
main purpose of evolution is to enable the creature to become aware of the creator.
- we take our evolution into our own hands, too.
- teacher + student have deepest relationship in life- not impacted by death.

"PRIMAL KISS"
God is both transcendent + imminent
Meaning of perdition.

E.E. VIDEO - Q+A

Purpose of 1st half in life?

Kalidasa verse.

1st 20 years — being a student

After - householder responsibility

After that — detachments from all attachments to life.

When all selfish attachments, have been released, the body becomes an eternal force.

Like Gandhi — make oneself ZERO — and become eternal.

How can you kill someone who has already died to him/herself.

Diana Lightman — talked about Easwaran's "having our back."

E. E. video - Q+A:
usual mystic experience:
collect experiences
see through all of them
↓
can happen in any phase of life.

4 Ashramas
Trad

"When children are at our shoulders, it's time to think about the 2nd half of life."

1. Student — learn from experience
2. Householder — selfish ↓ selfless
3. Retirement — seeing thru + giving back — mentor supporter
4. Letting go of attachments.

"Usually around the age of forty" that the "seeing through" starts + turn toward the mystic, detached, eternal experience.

Thread - (Narrative)
Creature is learning about the creator.

E.E.'s method—
"I can ease you into this."
compassionate, forgiving in
his teaching to us silly
humans.

E.E. video.
In order to undertake the
last phase 2 self-realization?
Spiritual life is a complete
commitment for life.
The earlier you dedicate, the
better.
What needs to unfold (at 40)
for the next phase to begin?
Senses are turned outwards
early in life.

"Desires are not subject to reason."

"Joy comes from inside."

"matter + energy are 2 ways of looking at the same phenom."
