Dear Ron,

I've sent to you all the background material on the medical side that I think covered your requests over the phone; the photos are still up in the air; MAC-V has photo requests into about 5 different units, but I still don't know what they'll come up with. I'll await your note on that.

I'll also enclose my bank account: Miss Beverly Deepe, Citizens State Bank, Carleton, Nebraska. It's a very small one, so this address will reach me.

Hope things turn out well for the piece and for you.

Sincerely yours,
