

Ron:

I've broken down the interviewing and the typing of the interviews into several sections:

1. An over-all MACV medical briefing.
2. Out-of-Country evacuations
3. 44th Medical Brigade which handles US Helicopters ambulances and all Army hospitals.
4. U. S. Army nurses and combat medics.
5. Re-typed a medical article from a US Army magazine.
6. Photostats of several US Navy articles on hospital ships.
7. Some statistics from MAC-v. (These actually are sent down from the Pentagon).

We are still trying to find a big brochure on the 45th MUST hospital, which is the newest thing. I'll get it off to you as soon as MACV can find it.

We don't have much in the way of photos--please let me know what you want to do about that; I suspect the IO's here can come up with something.

Please give my best to Jill and Dean--tell Jill I haven't forgotten about her dinosaur--I've had it wrapped for months, but have yet to find anyone to APO it.

My bank account is: Beverly Deepe, Citizens State Bank, Carleton, Nebraska. Please send the money there.

Thanks alot; keep in touch and best of luck.

Bev
